## ENGLISH

I, Major General Acellam, have come out of the LRA, and am sending a message to my brothers in the bush. Put down your guns and stop fighting. Kony has been deceiving us all, we have nothing to fear. I am here living free, and the UPDF did not harm me when we met. If you come out of the bush, you will be free like me. Do not fear, the UPDF are our brothers and they want us to come back home. If you come out you will be granted amnesty. Let us make the war come to an end.
